AMERICA'S BOATING CLUB®
For Boaters, By Boaters™
St. Petersburg

Safe, Fun, Boating Starts Here!

September/October 2024 *Volume 80* *Issue 4*

St. Petersburg Sail and Power Squadron/ America's Boating Club September Meeting

Wednesday 11 September

St. Petersburg Yacht Club

Dinner is the SPYC Buffet with 2 entrees and 4 desserts: $31
($1 discount for cash or check)
SPECIAL NOTE: Parking in the SPYC Garage is now INCLUDED.

Special Presentation by:

Robert H. Weisberg, Ph.D.

Distinguished University Professor Emeritus
Physical Oceanography
College of Marine Science, University of South Florida

Dr. Weisberg will give an enlightening talk about how both Earth and local ecology begins with the ocean circulation, including west Florida examples regarding red tide and gag grouper

UNIVERSITY of SOUTH FLORIDA

Cocktails and Social start at 5:30pm
dinner at 6:00pm.

The program/meeting will begin at 7:00pm

Last date to make reservations or cancellations is 5:00pm, Friday 6 September 2024

Please send reservations to: reservations@boating-stpete.org

2023 DISTINCTIVE COMMUNICATOR AWARD NEWSLETTER

'Distinctive Communicator' is an award for publications that meet or exceed USPS defined criteria.

Our Force 12 has been recognized for this award.

Bits and Pieces of an October 2002 Education Officer Column written by P/Lt/C Howard Rothstein, SN

Today stretches ahead of me, waiting to be shaped,
and here I am, the sculptor who gets to do the shaping.
What today is like is up to me.
I get to choose what kind of day I will have.

Today I can complain because the weather is rainy or
I can be thankful that the grass is getting watered.

Today I can grumble about my health, or
I can rejoice that I am alive.

Today I can cry because roses have thorns,
or I can celebrate that thorns have roses.

Today I can whine because someone asked me to work for the squadron's benefit, or I can shout for joy because I can contribute something for others.

We have so much knowledge we want to share with you, but we need you to show us the way.

Now, you can whine, grumble or hide, or you can feel grateful that someone other than yourself thinks you are important enough to take on the job.

When people come together with the intention of giving the maximum.

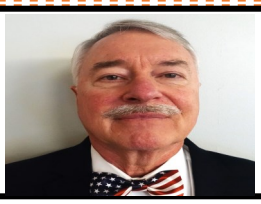
EACH RECEIVES MAXIMUM!

Believe It or Not Bits & Pieces

By P/D/C Tom Krupa Sept/Oct 2002

- When 6 foot seas are predicted, what percentage of waves are actually expected to reach that height - 70%
- Canada's official animal is the Beaver.
- A group of kangaroos is called a 'mob', a group of whales a 'pod' and a group of owls a 'parliament'
- The fathom is a nautical unit of measurement officially defined by 'British Parliament' as the length of a man's arms around the 'object of his affections.
- It is illegal to plow a field in North Carolina with an elephant.
- Alexander Hamilton was one of the instigators of an organization born into service on 4 August 1790 — called the 'Coast Guard'.
- Hoover Dam was built to last 2000 years. The concrete in it will not be fully cured for another 500 years!
- The word 'alligator' comes from 'el lagarto' - Spanish for 'lizard

Commander
Cdr Fred Hauck, JN



It's September; summer's end is coming and soon we'll slip into autumn. July-August gave us some rather warm weather followed with a few showers, including Hurricane Debby breezing by. But, as we live in Florida, we will continue to have great boating weather.

We had a great turnout for our June Founder's Day meeting 12 June. We had special guests, District 22 Commander Ron Jones and District Education Officer Myles Gee and his wife, Kathy. D/C Jones was our guest speaker and presented a letter from our Chief Commander, Ralph Bernard, congratulating us on our 85th birthday! The letter is included in this Force 12.

In June, Dawn Eckhart arranged for a docent led tour at the James Museum, a very extensive western art museum in downtown St Petersburg. It was attended by small group, who enjoyed the outstanding event - ***Thanks Dawn!***

Unfortunately, we had to cancel two boating events: Egmont Key Beach Day planned by Terry Sicard and August Little Harbor Fun Weekend planned by Joe Muczynski due to lack of participation.

Thankfully, Joe has offered to plan another date in the fall. We are soliciting feedback, in particular:

- what disinterested you about the Little Harbor event?
- if it were rescheduled for the Fall, what date would you have interest?
- any other feedback is welcome.

We are looking for someone to takeover championing our October boating event in the Gulfport/ Boca Ciego area. The current champion for the event, Sue Tokarz, has an aggravated knee problem and it presently hinders her ability to boat and attend events. Please let myself and our XO, Louis McBride, know that you will step up to the plate.

Don't forget about the St Petersburg Sail and Power Squadron Bradenton Yacht Club rendezvous, 13 - 15 September. A flyer has gone out with pertinent information. We always have a great time so come by boat, dinghy, or iron dinghy. Thanks to Bob Cox and Cory-Jeanne Houck-Cox for championing this event.

Please mark your calendar for our 11 September and 9 October monthly meetings. Our September's presentation will be Dr. Robert H. Weisberg, Distinguished University Professor Emeritus on Physical Oceanography at the College of Marine Science, University of South Florida. A flyer has gone out and is included in this Force 12.

Remember, living in Florida, we have the entire coastline as our water playground year-round! We want to do more anchor outs, raft-ups, marina visits, visit local "haunts", have BBQs, etc. If you have a favorite place to go or event, then let's go. Remember, this is your club!

So, go out and have a great rest of your summer/fall!

October 9 Meeting Speaker: **Skye Bancroft of Sea Turtle Trackers**

For over 40 years, Sea Turtle Trackers has focused on sea turtle conservation!

Due to the efforts of incredible volunteers, they have been able to:

Ensure 1,300+ nests have been laid under our watch

Watch 75,000+ hatchlings emerge from nests and make it safely to sea

Remove 10,000+ pieces of trash from beaches each year

Executive Officer
Lt/C Louis McBride, P

Hello all,

Hope everyone had a wonderful summer and enjoyed the great camaraderie at the Founders Day event at St Pete Yacht Club!

Sea Scout Ship 912 Ballyhoo and Sea Scout Ship 915 Intrepid are planning a joint *Safety at Sea* event at Boca Ciega Yacht Club on 2 November, starting at 2000, ending at 2100. If you have never held a live flare or used a fire extinguisher, I would recommend attending this event**! If you have any expired flares and fire extinguishers you can give them to me for storage by Sea Scout Ship 912 Ballyhoo for use during the Cats Point Regatta.** The Cats Point Regatta is looking for volunteers to work morning through afternoon, with free lunch for volunteers.

Remember, a vessel checked means that there's another safe boat out in the bay. If you still need your safety exam, please contact one of our Vessel Examiners listed on page 6 to schedule an appointment.

The following activities are planned over the next couple months:

11 September – **General Meeting at SPYC**

The speaker will be Robert H. Weisberg, Ph.D. for an enlightening talk on Earth and local ecology.

13 - 15 September - **Bradenton Yacht Club Rendezvous**

Enjoy the weekend of relaxation on the Manatee River at Bradenton Yacht Club.

21 September **— Beach Cleanup**

Help clean Pass-a-Grille Beach, meet next to Hurricane Seafood Restaurant, 809 Gulf Way, St Pete Beach. Members can then go to Paradise Grille for brunch/lunch.
You are invited to meet at Seahorse Restaurant at 8am for breakfast.
Time: 9am for the cleanup, 10am Lunch Bunch Gathering

21 September - **Brunch/Lunch Bunch**

Join us for the beach clean up or just brunch on the beach after the beach cleanup at Paradise Grille, 900 Gulf Way, Pass-a-Grille Beach.
Time: 10am right after beach cleanup

4 - 5 October — **D22 Conference**

Learn more about USPS/ABC and District 22.
Come out to this gathering down at historic Punta Gorda on Charlotte Harbor

9 October – **General Meeting at SPYC**

The speaker will be Skye Bancroft of Sea Turtle Trackers to talk on the importance of caring for sea turtles.
Time: Social starting at 530pm, Dinner served at 6pm and General Meeting/program at 7pm.

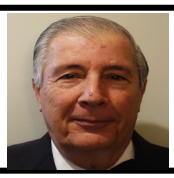
10 October - **Luncheon at Kristina's Café**

Famous Old-School style St. Petersburg restaurant known for their Kristina's Hoagies!
3590 34th Street N, St Pete - Time: 1130am

11 -13 October - **Gulfport Rendezvous**

Come join us on a wonderful weekend at one of the oldest towns of the 'Burg!
Watch your email for details.

Education Officer
Lt/C Robert Cox, Jr, JN



As I write this input, summer is over, kids are back in school, and we have survived our first tropical storm / hurricane which reached the shores of west Florida albeit, leaving a path of damage from the several days of constant rain. For the most part, we survived without too much damage to our beaches and city streets. But hurricane season is far from over so keep a weather eye out and be ready to prep for the next storm's arrival.

We have begun our fall education season in earnest with the completion of the One-day Boating Safety Course on 31 Aug, followed by the start of the Offshore Navigation Course (Beta version) on 3 Sep which is an updated version of the JN course. The remainder of the courses are listed below. I plan to have the 2025 draft schedule ready for approval and release by mid-October to allow you an opportunity to plan your education for the coming year.

	Start	Day	# Weeks	End Date	Instructor	Cost w/ Book
Boating Safety Course						
Boating Safety Course - 3	31-Aug	SAT	1 Day	31-Aug	Jeff Eckhart	$70.00
Boating Safety Course –4	26-Oct	SAT	1 Day	26-Oct	Jeff Eckhart	$70.00
Seminars						
ON BOARD EMERGENCIES	18-Sep	WED	1	18-Sep	Howard Rothstein	$35.00/50.00
HOW TO USE A CHART SEMINAR	16-Oct	WED	1	16-Oct	TBD	$35.00/50.00
Advanced Courses						
OFFSHORE NAVIGATION (JN)	3-Sep	TUES	12	19-Nov	George Baulig Stan Morse	$125.00/150.00
ADV MARINE NAVIGATION (AP)	5-Sep	THUR	10	7-Nov	Bob Cox	$75.00/100.00
WEATHER	17-Sep	TUES	8	5-Nov	Bruce Rodgers	$75.00/100.00
BOAT HANDLING (S)	7-Nov	THUR	5	12-Dec	Bob Zewski	$75.00/100.00

The 2024 Fall Training Calendar is also posted on our Squadron website.

If you don't see either a course or seminar that you are interested in, send an email to me at bob_cox_spsps@yahoo.com.

As a reminder an excellent resource for boating information is provided at Americas Boating Channel https://americasboatingchannel.com/. The ABC app for your phone is an excellent resource and free for all to use. USPS created this phone app with links to several resources and boating educational and safety resources now placed conveniently at your fingertips for ready reference and ensured to enhance your safe boating experience. Check it out at Boating App from America's Boating Club https://americasboatingclub.org/app.

Remember safe boating and education are the hallmark of having fun on the water; we are here to serve you and the local boating community.

Safety Article

By Lt Joe Muczynski, Safety Officer

Roars, Go Indoors!

According to the National Weather Service, from 2006 to 2019, there were multiple deaths from lightning: 40 fishing, 25 beach, 20 camping, 18 yard work, 19 ranching/farming and 18 boating.

https://www.weather.gov/safety/lightning

Lightning can strike 10 miles from a storm, generate over 100 million Volts, average 100,000 Amps, ionize air to create a glowing plasma, and rapidly heat air to 50,000 F, causing thunder. For every 5 seconds between seeing lightning and hearing thunder, the storm is about 1 mile away from you.

Avoid everything that conducts electricity, including water, wet surfaces, wires, trees, metal towers, etc. that are more likely to establish a conductive path between a storm and you.

Prevent exposure to lightning by checking forecasts, disconnecting electronic equipment, and avoiding conductive objects.

Redirect a lightning path by installing a lightning rod connected to a metal hull plate. Bond rigging, railing and other metal structures also need to be connected to a common ground to help disperse conduction outside and away from the vessel interior.

Use a fully conductive container (i.e. Faraday cage) to provide a path around the container - not thru it. Shelter in a hard top metal vehicle, airplane, metal cabin or a building/vessel protected by a lightning rod. Enclose electronics in a Faraday cage (e.g. microwave, metal cookie tin, foil bag, airplane).

Boaters that fail to prepare can still lessen their chance of injury/damage by taking action during a storm. Lower antennas, fishing rods, and other tall objects. Avoid touching conductive objects and wet structures. Stay below and protect electronics.

First Aid for Lightning Strike:

- avoid moving the victim and seek shelter only if in immediate danger
- check unresponsive victims for breathing and pulse
- administer CPR if needed. Electrocution victims have a higher-than-average chance of recovery
- treat for shock
- treat for physical injuries like burns, fractures, blunt trauma, etc
- contact emergency services to treat for internal injuries
- monitor victims for changes in breathing, pulse, and consciousness

Understanding the risks of lightning and taking proactive steps to protect yourself can be the difference between life and death. By staying informed, securing your environment, and knowing how to respond if lightning strikes, you can greatly reduce your risk of injury.

Schedule your 2024 inspection!

The decal indicates that your boat has the required safety equipment.

Make sure to contact any one of our dedicated inspectors directly:

Jim Greenhalgh tbskjim@gmail.com
Al Lima bosbyshelllima@msn.com
Bob Zewski bobzewski@yahoo.com

or our chair: **Jeff Eckhart** - jeffeckhart41@gmail.com or 727-295-5920

Please contact Jeff if interested in joining the 'team'!

Get to Know the Bridge

Casey Considine

Thank you for your continued trust in allowing me to handle the Squadron's finances. This is my 10th year as your treasurer; as such, I have responsibility for complying with the three main documents that the Squadron membership approved: the Bylaws, Standing Rules, and the current fiscal year's Budget. Plus, I have the responsibility for the State of Florida and IRS filings that allow the Squadron to continue to operate as a 501(c)(3) organization.

In my working career, I was an Information Technology professional supporting Finance and Actuarial departments of large corporations. Fortunately, these positions provided significant experience for the Treasurer's role.

If you have a financial question, please send me a detailed email. Please recognize, however, that every organization is a little different financially and I may or may not be able to answer your inquiry directly. But I will make every attempt to find the answer by checking with our financial advisors.

PS — Do you realize that Casey is also the District 22 Treasurer?

Look forward to learning more about our Secretary, Douglas Townes in the next edition!

Treasurer
Lt/C Kathryn Considine, JN

Thank You!

2024 Donation Total Through July : $403.96

These donations are from various sources, i.e.: memorials for members who have passed, from members to offset expenses, 50/50 at General Meetings, general donations to the Squadron, and Life Members in lieu of dues.

The funds are then used to help offset costs of the printing and distribution of the Force 12 and electronic communication fees.

Events Since our Last Force 12

25 May - Memorial Day BBQ

We had a great turn-out for the Memorial Day barbeque, although it could have been better had Mother Nature supported us with cooler temperatures. Chef Fred did an excellent job on grill duties. Many thanks to those who attended and those who provided delicious dishes.

12 June - Founder's Day General Meeting

In keeping with tradition, SPYC served hamburgers and hot dogs for the 85th anniversary of the SPSPS.

P/C Al Lima presented a brief history of the Sail and Power Squadrons origin as well as SPSPS. Of course, the usual verbal exchanges between sail and power boaters added to the presentation!

District 22 Commander Ron Jones of the Peace River Squadron, joined us and provided a few words as well as reading a letter from National, Chief Commander Ralph Bernard which praised SPSPS for its long history. Visitors also included P/D/C Myles and Kathy Gee of the Manatee Squadron.

Cdr Hauck inducted Jennifer Bellow as a new member of SPSPS.

P/C Lima provided an update from the Nominating Committee. Members are strongly encouraged to volunteer for upcoming vacancies on the Bridge, contacting either him or P/D/C Connie Beckman.

27 May 2024

Fred Hauck, JN
Commander, St. Petersburg Sail and Power Squadron

Commander Hauck and Members,

It's a pleasure to recognize the St. Petersburg Sail and Power Squadron on your 85th anniversary. It is also worth taking a moment to consider the impact on the boating lives of both members and the public over this long and rich history. In the year of your charter, 1939, the US Coast Guard estimated there were 300,000 boats on federally controlled waters. With this relatively small population, there were 14,000 calls for assistance and 8600 were in peril... an indication that times were ripe for making better boaters, and which your founders responded.

Over the past 85 years, your squadron has continued to renew itself through member involvement, excellence and dedicated leadership. Although we now find ourselves in times of many competing interests, I'm confident that the St. Petersburg Sail and Power Squadron will continue to thrive in the boating community.

On behalf of United States Powers Squadrons/America's Boating Club National Bridge, we thank you for your long history of contributions to making our organization stronger and we look forward to our future together.

May you have fair winds and following seas.

Ralph A. Bernard, AP
Chief Commander
United States Power Squadrons

27 July - James Museum Outing

We thoroughly enjoyed our docent tour of beautiful James Museum in downtown St Pete. The James Museum collection is arranged in themed galleries: Early West; Native Life; Native Artists; Frontier; Wildlife; and New West. The galleries connect one to the next, much like the stories in the art relate to each other. Hundreds of paintings and sculptures are on display for enjoyment, education, and inspiration and are owned by St Pete residents, Tom and Mary James. Our group consisted of Michele Kennedy and CDR Fred Hauck, Dawn and Jeff Eckhart with friends Susie Stevenson, Mary Cunningham and Tommy Markunas.

We highly recommend others stop in for a visit whenever you are in downtown St Pete!

2024

FALL CONFERENCE

SCHEDULE OF EVENTS

October 4 - 5, 2024 - Charlotte Harbor Event Center

75 Taylor Street, Punta Gorda, FL 33950

Friday October 4 – *ALL* Member Workshop

0900 - 1130 – iMIS Workshop (bring your laptop)
1130 – 1300 – *Lunch on your own*
1300 -1500 – Marketing your Squadron Workshop
1600 – Gathering Dinner at The IceHouse Irish Pub, 408 Tamiami Trail #111, Punta Gorda

Saturday October 5

0800 - 0900 - Coffee and Pastry 0830 – 1200 - Registration Desk Open

0900 -1145 - Roundtables and Seminars

0900 – 1015 – CPR/AED – P/D/C Cliff Schmidt, JN
Adult CPR with AED

0900 – 1015 - Education Updates – D/Lt/C Myles Gee, SN
Hear All the Latest Updates Released at the Governing Board

1030 – 1145 – Kayaking/Paddleboarding – Allison O'Brien
Planning and Executing Safe and Fun Paddling Trips

1030 – 1145 – Squadron MuVIT discussion – Lt/C Ron James, N
MuVIT discussion for the squadrons that purchased a system

1030 – 1145 – Town Hall – D/C Ron Jones, AP
Bring any questions and/or issues that you might have.

1200 -1330 – **Lunch - *speaker* Ashley Cook, Park Manager of Alligator Creek Preserve**
1300 – 1350 – Registration Desk Open

1345 -1600 – **District Conference with Approval of 2025 Budget**

Thank you for attending – have a safe trip home – Hope to see you May 2 and 3. 2025 at Courtyard by Marriott, Bradenton for the Spring Conference

BRADENTON YACHT CLUB

Join us for a fun relaxing weekend 13 – 15 September

The club is on the Manatee River, Flashing red "14" in Palmetto. The club offers a big pool with Tiki Bar plus inside bar and restaurant. SPSPS, America's Boating Club Cruisers with no membership to any club in the Florida Council of Yacht Clubs (FCYC) are considered guests and welcome to attend. In walking distance to the west on Snead Island is the Emerson Point Preserve with multi-trails and boardwalk, observation tower and view to Terra Ceia Bay and the mouth of Manatee River.

BYC Info: https://www.bradentonyachtclub.com/

Docking Fees—Members of the Council: first night free of charge, second night is 2.50/ft. All other cruisers: fee is $3.50/ft. day. Dock electrical power is additional, $8/30A day or $15/50A day, Tax is 7%. Payment is billed to your home yacht club, alternate arrangements will be made for non-FCYC members.

Schedule: **Friday**: Cocktails 5:30 and Dinner 6:30 both at the Tiki Bar, weather permitting.

Saturday: TBD **Sunday**: Breakfast on your own, departures on your own.

Please provide Bob Cox @813-566-2576 the following:

Arrival & Departing Dates - Captain/Admiral names - Boat name, length, beam & draft

Shore power requirements (1 or 2/30 A or 1/50A) - For members of FCYC, provide Club name and number - Cell Phone #

AMERICA'S BOATING CLUB
